Training Tomorrow’s Leaders to Build a Greater Chicago

United Way of Metro Chicago has partnered with the Northwestern University Kellogg School Center for Nonprofit Management to bring you the Board Leadership Institute. Our program prepares philanthropic business leaders for service on the boards of directors of local nonprofit organizations. Our holistic training and educational curriculum provides participants with a deep understanding of community opportunities and challenges, along with the tools to best leverage their skills in service of Greater Chicago.

The cohort is designed to reflect the diversity of the Chicago region, providing opportunities for participants to learn from the varied experiences of fellow civic leaders. Applicants will be selected based on demonstrated commitment to community, and will include mid-career professionals from a wide range of backgrounds and industries.

Our training embodies the commitments that Board service requires, with regular classroom-style sessions held over several months, including homework assignments to be completed in between. Upon successful program completion, each participant will have the opportunity to be matched to a nonprofit board of directors to begin their service.

---

**COHORT SIZE** 30 individuals

**SCHEDULE** January–May 2020 (6 sessions)
