

MAKE AN IMPACT WITH UNITED WAY OF METRO CHICAGO... JOIN YOUNG LEADERS UNITED!

The United Way Difference

United Way of Metro Chicago brings together business, government, philanthropic, individual, and community leaders to deliver funding and resources and amplify the expertise of nonprofit organizations across greater Chicago. We help individuals meet their basic needs and work alongside partners to transform neighborhoods from the inside out and create communities where all people can thrive.

Through the Neighborhood Network Initiative, United Way works with community coalitions in 17 neighborhoods across the Chicago region to address community priorities and build stronger, more equitable neighborhoods through community-based and resident-led programs.

YOUNG LEADERS UNITED

United Way of Metro Chicago's **Young Leaders United** is a group of caring and committed young professionals on a mission to encourage philanthropy and volunteerism among their peers. They want to make a lasting difference for individuals, families, and entire neighborhoods by supporting United Way's work in communities. Young Leaders United members are typically under 40 years old and engage in volunteer service projects, networking conversations, fundraising, and social events across the region to increase awareness of United Way's community-based work and provide opportunities for young professionals to make a meaningful, positive impact. **To learn more about Young Leaders United or join the Young Leaders United Executive Council***, please visit LIVEUNITEDchicago.org/Young-Leaders-United
